Subject: **Invitation to 2<sup>nd</sup> National Dialogue Platform on Anticipatory Action**

Anticipatory Action is globally emerging as a key component of proactive disaster preparedness and response mechanisms, through trigger-based resource mobilization to effectively deal with anticipated disasters. Following the success of the 1<sup>st</sup> national Dialogue Platform, and the subsequent scale-up of AA monitoring and implementation across Pakistan, NDMA believes that a continued coordinated approach to implementing anticipatory action has the potential to become vital part of national emergency response.

The theme of the 2<sup>nd</sup> National Dialogue Platform (NDP-AA) is "Harmonization of Anticipatory Action toward Institutionalization". The aim of the NDP-AA is promotion of shared understanding of anticipatory action, exchange knowledge and experiences on anticipatory action implementation, and identification of collaborative opportunities to enhance disaster resilience in Pakistan. Concept Note and agenda enclosed.
